## Andrew's Teaching Philosophy

Whether you are a beginner or scratch golfer, it is important to have a clear understanding of your game. There are 3 major things you need to control to play better golf: FACE ANGLE, CLUB PATH, and LOW POINT.

Andrew's approach to teaching is to help the student first understand the cause-effects of their swing. With the use of video analysis, he will explain what these are and the steps needed to correct them. Students will leave each lesson knowing exactly what they need to work on and why.
